**Ministry of Education and Science of Ukraine / First Deputy
Minister of Education and Science of Ukraine**

March 2014 - August 2016

KYIV

Development, implementation and articulation of Ministry's policy in higher education within a larger framework of new Law on Higher Education. Promotion and management of international cooperation. Leading the EU integration vector, heading Ukrainian side in Sectoral cooperation with EU within the bilateral UA-EU Association committee. Maintaining contacts with the Parliament and other ministries, including appearances before parliamentary and governmental committees, responding to parliamentary information requests, and introducing legislation in the Parliament. Coordination of interministerial and interdepartmental cooperation on the development of the governmental regulations in education, lobbying ministerial vision within the interministerial dialogue. Effective management of higher education and international cooperation departments.

Main achievements:

- Launching higher education reform resulting in increased academic autonomy and reduced bureaucratic pressure for universities
- Boosting anti-plagiarism campaign with changes in legislation and launching the National Repository of Academic Texts to ease up the anti-plagiarism checks
- Development of the new model for university funding based on performance
- Improving university admissions procedure to ensure its full transparency
- Devising pilot project on independent examination for applicant for Master programs in Law
- Leading Ukrainian team in successful negotiations on Association to EC Program Horizon 2020
- Increasing Ukrainian participation in Erasmus+ and mobility programs
- Ensuring Ukraine's participation in PISA 2018
